Club Services

In this section, you can add the club services. On the right side of the club service page, there is an option **ADD SERVICE.** When you click on the **ADD SERVICE** you have to select the **CLUB SERVICE NAME IN ENG** & **ARABIC** & **SERVICE ICON**. Here you can also delete the service and edit the service by clicking on **delete** & **edit** respectively, from the club service list

You can search the services against the **club** & by **service name** in English only from the filter.
