

Roles & Permissions

Roles & Permission

In this section you can create Roles and assigned the permissions, also you can view, delete & edit the permissions.

The assigned permission is effected on employee only, when you create new the new roles and assigned the permissions it will only shows to those employees which have these ASSIGNED ROLES.

The screenshot displays the 'Roles & Permissions' management interface. On the left, a navigation sidebar lists various system components, with 'Roles & Permissions' highlighted in a red box. A red arrow points from this menu item to the 'Create Role' form. The 'Create Role' form contains two input fields: 'Name*' and 'Description*', and a 'Save' button. On the right, a table titled 'Roles' lists existing roles. The table has four columns: 'Sr.No', 'Name', 'Description', and 'Action'. The 'Action' column contains three icons: a view icon (eye), an edit icon (pencil), and a delete icon (trash). The roles listed are: 1. admin (Administrator), 2. Member (Member), 3. Employee (Employee), and 4. Receptionist (Add/Save/Search/View in Forms like Member Master/Customer).

Sr.No	Name	Description	Action
1	admin	Administrator	  
2	Member	Member	  
3	Employee	Employee	  
4	Receptionist	Add/Save/Search/View in Forms like Member Master/Customer	

To assigned the permissions against the Roles, You have to click on view permissions and assigned the desired permissions. so the employee can access them from employee dashboard.
